

Seminar 4

Write a report to create a conceptual model for your case study that includes:

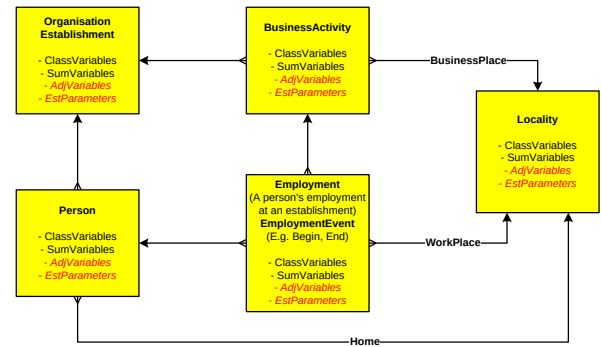

- I. Title (name of a business)
- II. Names of the members, Group name
- III. Try to create a conceptual model for your case study and describe it (see the below examples)

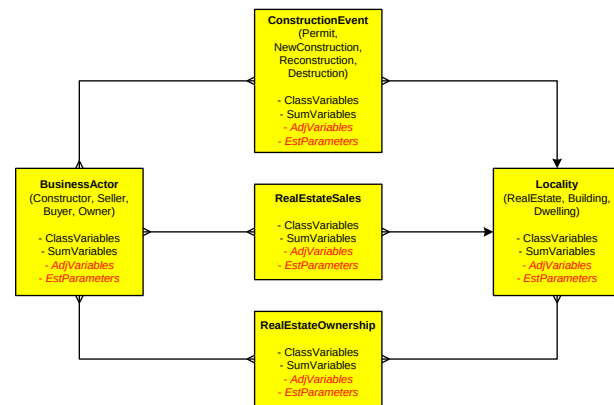

Example: A conceptual model of education statistics collected and produced by UNESCO.

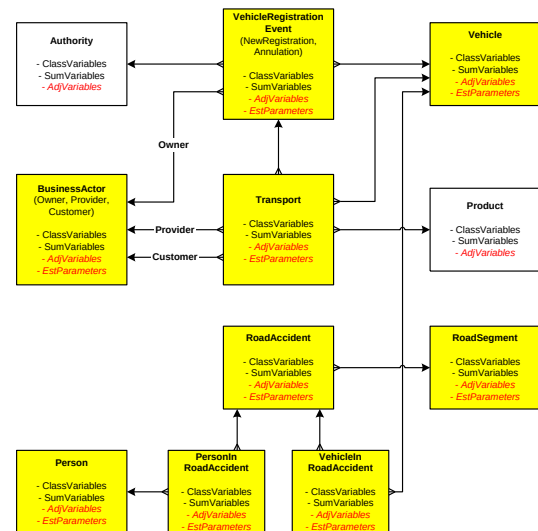

Health statistics.

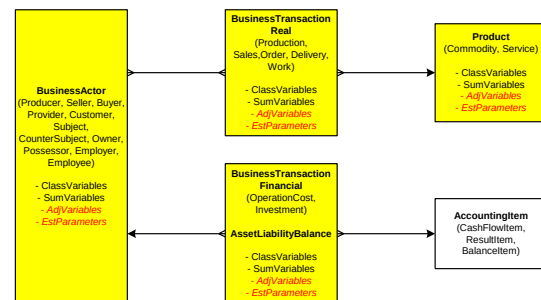

Labour market statistics.

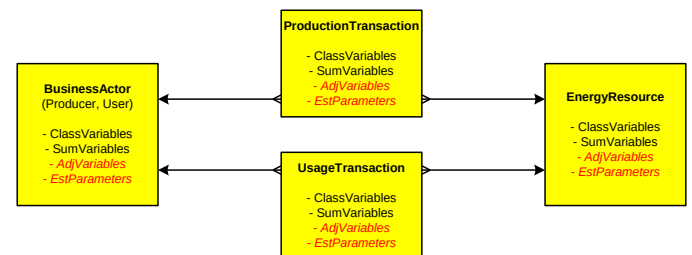

Housing and construction statistics.

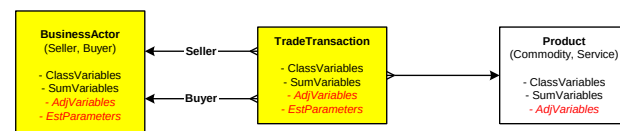

Transport statistics.

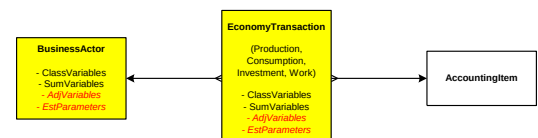

Business statistics.

Energy statistics.

Trade statistics.

National accounts.

*Examples of schematic conceptual models for domains of official statistics.
